## "Goodbye"

"goodbye" is the right thing to say, because it does not mean "The End."

The word "goodbye" is from the late 16th century which is the contraction of the old phrase, "God be with you."

"Goodbye" is a word of hope and blessing. We Christians never say "Goodbye" to end the relationship, but to bless. Please know that Christians cannot end the relationship because sooner or later we will end up in the same place with the Lord in heaven. When Christians say "Goodbye," it means "God be with you!"—the word of hope and blessing.

Hearing you say "goodbye" reminds me of the blessings I have received from each of you that I appreciate so much. Thank you all for being a channel of God's blessings to me. Due to the limited space I will just name one of the blessings here.

One blessing I would like to share is that I've learned about my Korean Christian heritage and came to appreciate it. I led a group of 25 people to visit Korea with me to learn the life and spirituality in Korea along with its Christian history. That was

In the past few weeks at various parties and farewell receptions, the people of San Ramon Valley UMC and I have been hugging each other, and many times one or the other of us has said, "This is not goodbye." We mean, "This is not the end." We mean, "I count on seeing you again." And, "I won't forget you." Goodbyes are hard. So we say, "This is not goodbye." We do not like to say goodbye. But

the first time I visited Korea as an ordained pastor leading a group. It was a "wow" moment. After that, I joined the Korean Caucus in Cal-Nev Conference to learn how Koreans play their roles as pastors and Christians. This led me to the National Korean UMC Caucus, and I got elected as the president of National Association of Korean-American United Methodist Clergywomen. It also led me to make a voice for the Asian American and Pacific Islander communities. Now, I am heading to Hawaii mainly populated with Asian Americans and Pacific Islanders. Who knew about this step by step blessing I have received from God through YOU, the people of SRVUMC!?

Like Apostle Paul "constrained by the Spirit" (**Acts 20:17-38**), I believe that it is God who brought me to you...and now to the people of Kona on the Big Island in Hawaii through the appointment system of the United Methodist Church. This conviction has been confirmed also through my husband Sung's work transfer to Kona, which is a miracle. He and I are moving to Kona together at the same time. I feel blessed. I trust that, by fully relying on God, you feel blessed as I do in the given situation even though sometimes we don't see this blessing at the time. So, my dear friends, goodbye! God be with you! Ribbit!

## Church Council Report

At the Church Council's May 24 meeting, the Council approved the Staff Parish Relations Committee's motion to assign Pastor Luke Ham to the Associate Pastor position that will include those duties formerly held by Pastor Sunny. Pastor Luke will retain responsibility for the youth of the church during the period of transition as 25% of his overall duties. The Staff Parish Relations Committee proposes to hire a new person to become the Director of Youth for our church. It is intended that this person will work less than full-time, or 30 hours per week, and with Council approval, the SPRC will begin a search to fill this vacancy.

The minutes of Church Council meetings held on April 19 and May 24, together with committee reports, are posted on the Church website (or, type in <http://srvumc.org/get-to-know-us/governance/administrative-board-meeting-minutes-2/>).

Council meetings are currently scheduled for **7:00 p.m. on the third Tuesday of each month**. The Council will meet on **June 21**, and then on **July 19**. *All are welcome to attend.*

Shalom,

*Terry Sherman*

## Donations: Who, Where and What?

### A Brief Tutorial Making Donations

In order to assure that your donation is correctly posted according to your wishes, it would be helpful if you could do the following:

**WHO:** Include your full name on the giving envelope.

We have multiple families with the same last name and, especially if you're donating cash, it's important to know which family is making the donation so you are properly credited.

**WHERE:** Clearly designate where you want the money

to go on the outside of the envelope **OR** on your check. If your donation isn't designated or in a special envelope, such as a Communion envelope, Endowment envelope, or Christmas or Easter envelopes, it will go to the General Fund. Conversely, if your donation IS in a specially designated envelope such as those mentioned above, your donation will be applied to that fund.

**WHAT:** Carefully look over your giving statement as soon as you receive one, and let **Shannon Dever** know immediately if you have questions.

We sincerely appreciate ALL your donations and want to ensure that we spend the funds as you intend.

## DIRECTOR'S MESSAGE: CELEBRATING 5 YEARS OF HUMANITARIAN ASSISTANCE IN HAITI VIA THOMAS FOOD PROJECT

Bonjour, Zanmi:

It is so gratifying and exciting to realize that as of this June, Thomas Food Project is turning five! What an amazing journey it has been to be a part of the birthing and early years of this ministry, and see how far we have come through the love and sacrifices of people thousands of miles away from the mission field in Haiti.

As part of the celebration of our 5-year anniversary, I wanted to share with you some of our accomplishments. We have:

- Equipped six (6) schools with water storage and solar power that fuels a water purifier and a lab with 10 computers (at each school)
- Delivered and distributed thousands of homemade dresses, school supplies, and personal hygiene products

We are also:

- Serving hot lunches that equate to 10,000 meals per month in two (2) schools
- Installing Bio-Sand filters to improve the water quality in residential homes

Through our mission trips with teams from all over the U.S., the Haiti community has been touched and the quality of life has been dramatically improved with the types of services and support people in our country take for granted each day. These things include basic medical and vision check-ups, faculty training and curriculum development, and much, much, more.

Still, there is tremendous need, and our work continues. This fall (October) new teams are forming to tackle some of the projects we are undertaking to expand our efforts and carry forward the transformative work in the communities where we have built relationships. [Click here to view the Facebook page about the October mission trips.](#) We are rolling out new technology called "Internet in a Box" in our schools. And we hope to **TRIPLE** the number of meals served (from 10,000/mo. to 30,000/mo.) by incorporating a solar oven, which is on our "wish list". If you want to be a part of a team, or can help with a donation toward the estimated \$15,000 cost of buying and installing a solar oven, [please click here.](#)

God is good, and we have been abundantly blessed with gifts of time, talents, treasures, and witness from our generous supporters. **THANK YOU** for extending your love and reaching beyond our borders to help our neighbors who are so very appreciative.

With deepest gratitude for your generosity,

*Warren McGuffin*

Director of Sustainability  
Thomas Food Project

*A solar oven like the one Thomas Food Project hopes to buy and install costs \$15,000.*

## Mission Accomplishments...

### Habitat For Humanity East Bay/Silicon Valley Dedicates Phase I Muir Ridge Homes

On Saturday, June 4, Habitat For Humanity East Bay/Silicon Valley had their dedication of Muir Ridge Phase I in Martinez. A big thank-you goes to **Burt Rodgers** for joining with Habitat For Humanity and other volunteers in helping present the “home hammer” to Andrea, Leonardo, and the entire Pablo-Mejia family. The Pablo-Mejias received the hammer as a reminder of the “sweat equity”—their own labor—they contributed to the building of this home, now theirs. They have also assisted in the building of their neighbors’ homes, too. All Habitat for Humanity clients provide a minimum of 300 hours of work in home construction before moving into their own new residences.

This home in particular was designated as the “**All Faiths Home.**” Faith communities from the East Bay/Silicon Valley sponsored this home with volunteer hours and monetary donations.

A Habitat spokesperson said, “What a beautiful event! We are so blessed to have partners like San Ramon Valley United Methodist and appreciate all of your dedication to this project!”

If you are interested in joining in the important work in Muir Ridge, Phase II of construction is now underway and will complete another ten homes. Contact **Burt Rodgers** or **Habitat for Humanity EBSV** directly.

# July Communion Offering

This month, our Communion offering supports two organizations serving the needs of local families for decades.

## **STAND! For Families Free of Violence**

**STAND! For Families Free of Violence** is a Bay Area organization committed to eliminating family violence. They offer “a complete spectrum of prevention, intervention and treatment programs.” Specifically, STAND! provides children’s therapy, childcare and children’s educational programs to abused children and children impacted by domestic violence. The organization also trains legal and law enforcement personnel, human services professionals, educators and healthcare providers.

STAND! Against Domestic Violence began in the 1970s as a single telephone line in a utility closet in Contra Costa County. By the 1980s, the dedicated volunteers who staffed it had built their organization into one of the Bay Area’s leading domestic violence community services. Meanwhile, another organization, Family Stress Center, was expanding its services to include parenting education, the Latino Family Program and Proud Fathers. The two nonprofit agencies cooperated to share effort and skills. In 2010, they unified as STAND! For Families Free of Domestic Violence, and today this organization is the sole provider of comprehensive services for those impacted by domestic violence in the region.

## **Monument Crisis Center**

Based in Concord, **Monument Crisis Center** offers nutritious food and other resources to families in Central and Eastern Contra Costa County. Last year, Monument provided about one million meals to its clients.

Monument began in 2003 with a small group of concerned citizens. Startup funding came from Safeway Foundation, the Salvation Army, Soroptimist

International of Pleasant Hill and independent donors, while enthusiasm came from area high school students. Today, Monument serves over 4,000 different households per year, and each distribution serves between 80 and 120 families. The group purchases food from the food bank, but it also receives private food donations.

Monument’s core effort is food distribution, but it is not its only program. Additionally, this organization:

- Provides a Youth Enrichment Program, offering after-school tutoring, a teen center and summer camp for school-age kids.
- Hosts a resource fair annually, acquainting visitors with opportunities for employment, health and wellness, and English language classes available locally.
- Provides lunch and bingo through the Senior Moments program, as well as health screenings and some groceries with this opportunity to socialize for senior citizens.

# **Kindness Matters Corner**

**To all readers:** Where do you think all of these kindness stories come from? The Internet? Nope! YouTube, newspapers, magazines? Nope! Try again. You are thinking way too big. Every story is homegrown! Every one is the story from our SRVUMC family. Each is a kindness given, a kindness received, or a kindness observed in our Tri-Valley area!

You may directly share your stories of kindness to the website in this way: Send your story to [kindness@srvumc.org](mailto:kindness@srvumc.org). Your story will be posted to the church website within a few days.

This pair of articles relates the experiences of church members and their kindnesses given to others in our community. **Stay tuned for the August Messenger edition and a wonderful story of human kindness given to distressed animals.**

## **Kindness in a Rainstorm**

"I was exiting the Home Depot in Concord heading for my pick-up in a very hard downpour, when I noticed a man standing behind his vehicle holding an 8-foot long sheet of translucent corrugated roofing. He appeared to be trying to figure out how he was going to get this purchase into his small compact sedan, or tie it on top.

I backed out and pulled alongside, and asked if I might take the sheet of roofing to his home for him. Through the driving rain, he asked me, "How much would you charge?"

I said, "Oh, no. I'd be glad to put the sheet in the back of my truck and follow you home."

I got out, and we loaded the roofing into the back of my pick-up and closed the bed lid. I asked him where he lived and he said Walnut Creek.

"That's great," I replied, "Because that's where I live and I was heading there anyway."

I don't know what I would have done if he lived in Antioch or San Jose! He gave me his address, and I told him I'd meet him there. I found his address easily, and there he was waiting in his car by the entrance to his apartment complex. We unloaded the roofing, and he thanked me repeatedly. He was standing in the rain waving to me as I drove away, and I imagined he had seen my, "Kindness Matters," placard on the back of my truck, and he was thinking, "Wow! Kindness really does matter to that man!"

## **Kindness – It Matters. All Ages Are Welcome!**

Our friend and congregation member, who is like a father to us, has taught us that kindness has no age limit. While joining him on our visits to his assisted living home, he is always the gentleman. Not to be impeded by his walker, he kindly holds the door for his guests, introduces them to other residents, and walks his guests to the front door of the building to thank them and to say goodbye.

His kindness does not stop with visiting church friends. While sharing a lunch with him at his assisted living home, he carefully perused the room to see who of the regular diners were in attendance. When one of the women was not at her regular seat, he summoned over a staff person and asked them to check on her. As it turns out, she was not feeling well. As we left the lunchroom, he stopped to acknowledge and bring a smile to many faces. This gentleman continues to prove our faith journey lasts a lifetime!

## Meet James Lazarre, Project Manager for Thomas Food Project

(Full interview appears in [Thomas Food Project online archives](#))

James Lazarre is the Project Manager of Thomas Food Project in Archaie, Haiti. He and his team worked as volunteers for the first three years of the ministry, as TFP was in the early stages of formation. Since 2014, James and the other staff members have been on salary. He lives with his wife, Vernique, and newborn son, Jameson, in the community where he serves. James feels that he is living out his calling to serve God and others through the work with Thomas Food Project. In doing so, it is clear that thousands of lives are being touched and changed for the better in Haiti.

**Q. (TFP Newsletter):** *James, can you tell us a little about how you got involved with Warren and Thomas Food Project in the first place?*

**A. (JL):** It was serendipitous. Warren led a mission team in Haiti to help with building reconstruction after the catastrophe of the 2010 earthquake. Our school and church had collapsed. Warren and I met here at Thomas, and there was an immediate connection. Warren saw the kids hungry and decided to feed them while the mission team was here. The rest is history. We know that kids can't learn on an empty stomach. So we are now feeding mind and body through TFP.

**Q. (TFP Newsletter):** *In your opinion, what has been the greatest accomplishment of TFP so far?*

**A. (JL):** To those who benefit from the ministry, all of our accomplishments are great! Many of our principals have said that it is like a dream to have computers with educational software in their schools. We have a better learning environment with

### **Sunday School Topics**

**Kindergarten to Grade 5:**

#### ***Faith***

**Bottom Line:** The story of Jesus is for everybody.

**Bottom Line:** The story of Jesus is bigger than every other story.

**Bottom Line:** The story of Jesus changes how I forgive others.

**Bottom Line:** The story of Jesus changes how I see my problems.

**Bottom Line:** The story of Jesus changes how we work together.

**Grades 6 to 12:**

#### ***Fast***

...because while our temptation will always be to look for a shortcut or to focus our attention somewhere that will give us faster results, we run the risk of missing out on some of the best things in life when we don't work on them over time.

**Session One:** The Harvest

**Bottom Line:** Don't give up going after God

**Session Two:** Mind Games

**Bottom Line:** Right Thinking = Right Living

**Session Three:** Kill Them with Kindness

**Bottom Line:** You set the pace of peace

improved lighting, teaching aids and school supplies, solar systems, food, safe drinking water, and water purifiers. Plus, we offer clothes to thousands of kids and community members. The greatest of all is the friendship and love of our sponsors, donors, and mission teams.

***Q. (TFP Newsletter): What would you say is the most rewarding thing about your work with the people, schools, and children involved in the ministry?***

**A. (JL):** Being a servant and a bridge to help people with a good heart. Also, it is great to meet and work with the TFP donors and sponsors as they show their love to our people.

***Q. (TFP Newsletter): What is your dream for what can be accomplished through TFP in the next year? Next five years?***

**A. (JL):** Healthier and stronger kids; sustainable school using our gifts by creating microenterprises to generate monies for the school to continue to educate the kids.

## Thanks and Farewell

**Jacque and Steve Foster** would like to thank everyone at SRVUMC for the sendoff on May 28. We are so appreciative of our church family for the last 25 years and we will have a difficult time finding another that can measure up to SRVUMC. Everyone here has set the bar high. Manteca is a start of a new chapter in our lives.

One more thank you to the prayer group for their continued prayers for our son Michael. This last week he got great news regarding baby Audra (age 2) that he has cared for since she was 3 months old as a foster child in the Arizona Child Protective Services system. The court is moving forward with parental severance and adoption!!! YAY, finally. Michael, big brother Hakan and baby Audra deserve to put this behind them and build a family future together. Thanks again for your prayers.
